NEW SHINING STARS

From the President's Desk...

Dear Friends

Assalamualaikum,

With this year rolling on to another ambitious quarter, witnessing new hopes and aspirations, we look back with contentment at our achievements so far Alhamdulillah and thank all members of the AMP family for their tireless endeavour and support in the journey of AMP!

Nothing remains constant except change. A new year has begun and a quarter of it is already over and amidst the changes around the world, we have new government in the country now loaded with expectations which are yet to be fulfilled; but that's the way it is, perpetual change is the reality and agility and adaptability are the key to success. Reflecting on the budget of the government of India, there is no secret that we do not have a minority friendly government at the center so nothing much was expected. Government has increased the budget by just meager 4 Cr with no substantial increment, and has some vague plans of skill enhancement trainings. This puts extra responsibility on us, to self-help ourselves, and to fill the gap as positive change agents in the development of our community. With the current issue we would be introducing our members about our focus for the year 2015, sharing our progress so far, evaluating them and trying to be more efficient.

AMP had a splendid start of yet another promising year, marked by the celebration of AMP Annual Convention Alhamdulillah, which included some of the most known faces of politics like Mr. Digvijay Singh and various eminent dignitaries from the Corporate Sector, Bureaucracy, Social and Political circles. The event offered a platform for people cutting across all the section of the society to put their ideas and exchange their views and concerns with the Muslim community. The program also included active participation of school and college students through impressive cultural events with social messages, and also marked the release of the AMP Souvenir which was very well received by all.

I congratulate the whole team for making the event truly big and memorable! Our significant achievement of this quarter has been the AMP Job Fairs, where we have seen tremendous response from the industry, candidates and our volunteers to work on this. AMP conducted two very effective Job Fairs at Mira Road and Ambarnath recently, and the AMP team truly deserves accolades! Besides, to promote competitive spirit in our students and to enhance the area of general knowledge amongst the budding talents, AMP conducted two successful Inter-School Quiz Competitions, one in Parbhani and another one in Pune. It was indeed a pleasure to have a platform to encourage and nurture the creative potential budding in the community, and we hope to have more of such events in future Insha'Allah! The Skill Development Lecture (SDL) series titled 'Ek Qadam Kamyabi Ki Taraf', which were mainly Career Guidance Lectures organized by AMP all over the country, met with great response from both the students and the volunteers!

One of the key focus areas of our 2015 Plan is our AMP expansion drive this year. We have now achieved another milestone with over 45K members in our AMP Facebook Group and over 6K Likes in our AMP Facebook Page Alhamdulillah! Apart from social media expansion we have lots of new members joining in from all over the country, and we have gone to new territories like Aligarh and held chapter meetings there and successfully established one more new Chapter, the AMP Aligarh Chapter Alhamdulillah! At this point, in our endeavour to update our records and database of volunteers and membership, we request all our members to get formally registered at AMP through AMP membership, and we welcome everyone to our AMP family!

Moving ahead with our humble efforts for the upliftment of the community, it is indeed a pleasure to share that I have been awarded the "Huzur Mujahid-e-Millat" Award this year Alhamdulillah! This I believe is truly an award to the whole AMP family and to the entire community, and we sincerely thank all our members for their tireless endeavour and support in the journey of AMP! We definitely do not work for awards and recognitions, and our aim is to selflessly serve our community but as and when we receive such appreciations, we should certainly tap our backs for the good work and continue to strive in the same direction with the same passion and commitment.

We, as a growing organization, do need more and more committed members to run our projects, to support us financially, and indeed to pray for us. We welcome and invite you all to connect with us and strengthen the AMP family.

We also invite our existing members to have serious discussions about our projects, and to come up with innovative ideas to make them more effective and expand their reach. Wishing you all great luck with everything!

May Allah make all of us the best of his people!

Sincerely,

Aamir Edresy

(Association of Muslim Professionals)

Annual 2015 Convention

7 Years of **Commitment**
Years of **Efforts**
Years of **Progress**

With a remarkable journey since its inception on 6th December 2007, Association of Muslim Professionals (AMP), on completion of seven years of its establishment this year, held its 7th Annual Convention on 7th February, 2015, in Mumbai, Alhamdulillah!

Bestowed with various recognitions over the years, AMP has proved to be a shining example for the youth, in connecting with a social cause, with an alternate inclusive approach. The Annual Convention marked "AMP 7th Annual Convention - 7 Years of Commitment, 7 Years of Efforts, 7 Years of Progress" was therefore an effort of AMP to come together and reflect upon its achievements and accomplishments in the past years, to enlighten its supporters and well-wishers and to plan together the year ahead. Attended by the who's who of the social scene and Hon.' Shri Digijay Singh ji as the Chief Guest, the Convention was graced by the august presence of Hazrat Syed Moin Mian, Mr. Sudheendra Kulkarni (Observers Research Foundation), Shri Amin Patel (MLA from Mumbadevi area), Shri Baba Siddiqui ex-MLA, Adv. Yusuf Abrahani, Adv. Rizwan Merchant (leading criminal lawyer), Mr. Abdul Quadir Fazlani and Mr. Suhail Khandwani (leading Business figures), Mr. Khalid Khan (Country Head, Mahindra Finance), Dr. Patankar, Madam Sabira Sikwani (a leading social figure) and various

dignitaries from the Corporate Sector, Bureaucracy, Social and Political circles and over 800 distinguished guests! With a spectacular show of unity and patriotism through cultural events like children's Plays, presenting strong social messages against drug abuse and social standing, Patriotic Songs, etc., the event offered the AMP family an opportunity to come together on a common platform to reflect together on the past achievements and plan together the future ahead.

Highlighting the achievements of AMP in the past, since its inception, Mr. Aamir Edresy, President of AMP, discussed about AMP's journey so far, over the period of 7 years from a small group of committed members to now more than 45000+ members, associated with it not only in India but also across the world, reaching out to about 60 cities benefiting thousands of students and budding professionals.

He further elaborated on AMP Projects, citing example of the AMP SDLs, explaining how AMP is the only such organization of professionals in India today which can conduct around 150 Skills Development Lectures in 150 schools across the country on the same day, with an unmatched efficiency in conduction and performance!

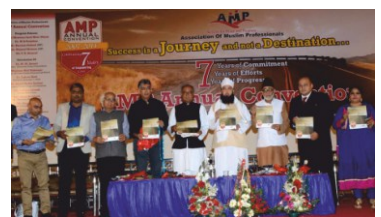

Recalling the past, Mr. Amin Patel shared his experience on his early days of introduction to AMP and the gradual progress he has witnessed over the years in AMP's growth since its inception with commendable performance in the execution of its programs, spreading positive benefits, and his delight in supporting the organization, wishing it could spread and reach out to even the remotest corners of the country. He had words of praise for the leadership skills and vision of the AMP President Aamir Edresy and the entire AMP Team.

Mr. Baba Siddiqui expressed his pleasure on gracing the occasion and to know that there is a group of professionals who have been doing commendable job that can do wonders for the down-trodden and the under-privileged. He stated the dire need of the entire community to come together to support the noble cause, since it is not the responsibility of just a handful but of all the privileged lot in the community to come forward and contribute their bit for the welfare of those underprivileged in the community and the society at large.

Lauding on the achievements of AMP, Mr. Shudheendra Kulkarni (Observers Research Foundation) appreciated the existence of AMP, as an organization of professionals that is working towards education and welfare and towards bringing all the communities together, which is the need of the hour and which could further work towards global peace and portray South Asia as a centre of peace. He also voiced his reservations regarding the exclusion of certain words from the Constitution preamble in a recent advertisement and called upon all to stand up against the same united, to defend the sanctity of the constitution and the secular fabric of the country.

Shri Digvijay Singh ji expressed his pleasure on knowing about AMP and its activities, and was quite fascinated and inclined to attend the Convention when he received an invitation. Further reiterating about 'Ganga-jumna' tehzeeb where people from all faith coexist peacefully with mutual respects, he also expressed his sadness at the thought of the visiting dignitaries to the country from other countries, giving lessons on tolerance.

Mr. Singh also applauded the secular approach of the organization in working for the social, educational and economic welfare of the under-privileged and down-trodden, while also holding the representation of women from the minority community in coming forward to attain education, as the need of the hour. Appreciating the kind of work being done by AMP, Shri Digvijay Singh ji offered to extend support to the organization, appreciating and acknowledging its strong presence in the endeavour to make a substantial positive difference in the community and the country. The occasion also marked the release of the AMP Souvenir by Digvijay Singh ji and the other distinguished dignitaries.

AMP ALIGARH CHAPTER ESTABLISHED!!

With the establishment of the AMP Aligarh Chapter, AMP achieved yet another milestone this quarter Alhamdulillah! The AMP Aligarh Chapter made a splendid start marked with significant service to the community in the very early days of its creation itself, commencing from an AMP meeting, and an impressive Skill Development Lecture, a Career Guidance Program, and a Health Camp on the 'World Health Day', which proved to be a unique and one of its kind program organized by a AMP UP Chapter!

Marking a promising start of this year by this Chapter, an AMP Instruction Meeting was held on 24th Jan, 2015, at the University Guest House, Aligarh, which was attended by eight members, and successfully coordinated by Mr. Sayyad Anas Jameel, Dr. Asrarul Haque and Dr. M.A. Ibrahim Ansari. On 9th Feb, 2015, the Chapter conducted an impressive Skill Development Lecture on the topic 'Importance of Education' and a Motivational Lecture, at the Faizan Public School, Jamalpur, Aligarh, that was coordinated and conducted by Mr. Mohd. Asrarul Haque, Mr. Sayyad Anas Jameel, Mr. Mohd Nazish and Mr. Mohd Tarique. Additionally a Career Guidance Lecture was organized by the Chapter on 21st March, 2015, at Dhorra, Aligarh, on the topic 'Preparation for Competitive Examinations' by Er Shahnawaz Ashrafi and Dr Asif Khan, coordinated by Mr. Sayyad Anas Jameel, Mr. Arif Jaanbaz Naimi and Dr. Mohd Asrarul Haque, that witnessed a huge attendance and appreciation.

The Health Awareness Camp organized by the Chapter at the Madani Clinic, Jamalpur, Aligarh, on the occasion of 'World Health Day' on 7th April, was attended by over 200 patients and their caretakers. The event was coordinated by Dr. Mohd Asrarul Haque, Dr. Asif Khan and Mr. Mohd. Alamgeer, and well supported by Dr Arshad, the owner of the Clinic and the staff of the clinic. The Health Camp marked an informative 'Poster Presentation' on the theme by the AMP Aligarh Team members- Dr Asif Khan, Mr. Azhar Nazami and Mr. Mohd Alamgeer; besides also an Interactive Lecture on 'Healthcare' by Dr. Asif Khan, highlighting the significance of World Health Day and covering all facets of food safety, right from farm to the plate. With a comprehensive discussion on some common food-borne diseases, Dr. Khan, stressing on the consumption of safe food as our moral right, and food safety as a shared responsibility, highlighted the areas where misuse of chemicals, preservatives and antibiotics is being done, and our role at the community level to create awareness among people about the issue. The event proved to be a unique effort in awareness generation on health issues and indeed a step forward by AMP in community service Alhamdulillah!

The new AMP Aligarh Chapter is powered with the able membership of Dr. Mohd. Asrarul Haque (Junior Resident, JNMC, AMU, Aligarh), Dr. M.A. Ibrahim Ansari (Lecturer, City High School, AMU, Aligarh), Mr. Sayyad Anas Jameel (M.A. student, Human Rights, AMU), Mr. Mohd Akram (MA student, Human Rights, AMU), Mr. Mohd Nazish (MA student, Human Rights, AMU), Dr. Asif Khan (JNMC, AMU), Mr. Mohd Alamgeer (Social work student, AMU) and Mr. Mohd Adnan (MBBS student, AMU).

AMP MEETING

WITH ALL INDIA MUSLIM OBC ORGANIZATION

On 4th April, 2015, AMP jointly organized a meeting with All India Muslim OBC Organization on "Central and State Government Schemes and Our Responsibility", in an attempt to serve as a bridge connecting Muslims with the Central and State Schemes. Moving ahead from the role of mere awareness generation amongst Muslims about the various Schemes available, AMP has now also taken up the task of the creation of a network in all districts of Maharashtra to help the needy in getting the necessary benefits and their rightful share in the development by assisting them at every step of the process, and expanding their reach at its best to give people their right to a better life. AMP plans to take this initiative to other parts of the country as well soon to benefit the entire community InSha'Allah.

Development of Muslims & Budget 2015-16: Reality or Rhetoric

Looking at the budgetary allocation for minorities, it may be noted that only 0.23 percent of the total Union Budget 2015-16 has been earmarked for development of minorities including MoMA and other line Ministries, although the religious minorities constitute 21 percent of total population as per census 2011. Whereas, the current budget total allocation (in absolute number) under MoMA has increased marginally from Rs. 3,734 crore in 2014-15 (BE) to Rs. 3,738 crore. In terms of the new announcement in the budget 2015-16, an integrated education and livelihood scheme called 'Nai Manzil' will be launched this year to enable Minority Youth who do not have a formal school-leaving certificate to obtain one and find better employment. Further, to show-case civilization and culture of the Parsis, the Government will support, in 2015-16, an exhibition, 'The Everlasting Flame'. The government has not made any budgetary allocation for both the schemes.

In budget 2014-15, the government introduced a new scheme "Up grading the Skills and Training in of Traditional Arts/ Crafts for Development (USTTAD)" for promoting and preserving the traditional craft, arts for development of minorities through skill upgradation. In terms of budget, Rs. 0.45 crore was allocated for USTTAD in the 2014-15 RE, whereas Rs. 17 crore has been earmarked in the 2015-16.

In the first two years of 12th Plan, the percent of utilization is found to be as low as 60 percent in 2012-13 but it has gone up to 86 percent in 2013-14. The MoMA noted that poor utilization in 2012-13 has primarily been due to a delayed start in implementation of major schemes such as pre-matric scholarship and MSDP for select MCDs.

The scheme wise details of expenditure/allocation under MoMA since 2012-13 (first four years of the 12th FYP) show that the total allocation during the first four years amounts to Rs. 12018.25 crore, which is 69 percent of the total proposed allocation of Rs. 17,323 crore in the 12th FYP. Further, the analysis of the allocation and utilization of each of the schemes for the same period shows that major schemes such as MSDP, Pre and Post Scholarships, Women Leadership Scheme, Support for Students clearing Prelims conducted by UPSC, SSC have had very low fund allocation and utilization. Schemes like Merit-cum-means scholarship and Pre and Post-Matric Scholarship have not been able to achieve 70 per cent targets of 12th FYP, which is a major cause of concern. In sum, the current budget has been very disappointing for Muslims because there is no significant (Rs.4 crore) increase in the budget allocation in 2015-16. On the other hand, government has decreased the allocation in the previous year budget of Rs 569 crore which has affected the functioning of schemes like MSDP and scholarship programmes in 2014-15.

The central government has been targeting few flagship programmes / schemes related to education, livelihood and access to public services, credit and skill development for minorities under PM New 15 point programme (15PP) since 2006. Further, under the aegis of the Ministry of Minority Affairs (MMA), new development schemes and programmes related to scholarship, community leadership and area development were devised, most important being Multi Sectoral Development Programme (MSDP) as area development programme. Most of these government interventions are minority targeted rather than Muslim focused.

Multi-Sectoral Development Programme

MSDP is an area development programme of MoMA for improving the education, health, work participation and access to basic public services in Minority Concentrated Districts (MCDs). MSDP was launched in 90 MCDs in the 11th Plan; among the 90 MCDs, 66 districts were Muslim concentrated. In the 12th FYP, MSDP was extended to 710 development blocks of 196 districts and 66 towns. As per the data reported by MoMA, in the initial 2 year and 9 month of 12th Plan, government was able to release only 34 percent of total proposed allocation in 12th Plan in MSDP and actual expenditure data was not made available on MSDP for the same period. The schemes related water, IAY and income generating infrastructure have poor completion rate against the unit sanctioned under the MSDP project and many activities under the MSDP have not yet started. For the same period, there has been a very low achievement in physical outcomes across the components of MSDP. The components like education, skill building, health, Anganwadi Centre (AWC), drinking.

Implementation Issues in PM's New 15-Point Programme

Prime Minister's new 15-Point Programme for the welfare of minorities focuses on enhancing opportunities for education, equitable share in economic activities and employment, improving the conditions of living of minorities and prevention and control of communal riots. The target for development of minorities under 15 PP has to be achieved with a definite goal in a specific timeframe. The 15PP envisaged earmarking 15% of total allocations and achieving the physical targets under select flagship programmes for development of minorities. Except MSDP, all the schemes run by MoMA are also part of 15PP which are 100 percent meant for the development of minorities. There were two important commitments made under 15 PP; one by the 'department of personnel and training' with a promise to ensure 15% share in public employment; and 'department of financial services' with targets to disburse 15% of the annual 'priority sector lending' (PSL) to favour minorities.

Currently, eleven Union ministries/departments claimed to be involved in implementing the 15PP, including Ministries of Rural Development, Urban Development, Housing and Urban Poverty Alleviation, Labour and Employment, Minority Affairs, Home, Finance, Women and Child Development, School Education and Literacy, Personal and Training. Selected schemes are Indira Awas Yojana (IAY), Aajivika, National Rural Drinking Water Programme (NRDWP), Urban Infrastructure and Governance (UIG), Urban Infrastructure Development Scheme for Small and Medium Towns (UIDSSMT), Integrated Housing Slum Development Programme (IHSDP), Basic Services for Urban Poor (BSUP), Swarna Jayanti Gram Swarozgar Yojana (SJSRY), Priority Sector Lending to Minorities, Integrated Child Development Services (ICDS), Industrial Training Institutes (ITIs), Sarva Shiksha Abhiyan (SSA), Kasturba Gandhi Balika Vidyalay (KGBV), , and Madrasa Modernization Programme.

The Union Ministry of Minority Affairs collates scheme wise information on the 15 PP. There are only few schemes which report the financial achievement. The utilization rate for the period 2006-07 and 2013-14 is found to be low in IAY (70.53 percent), SJSRY (53.08) and ITI (68.20 percent) with some degree of variation whereas the disbursement in Priority Sector Lending (102 Percent) shows over achievement.

The scheme wise information on the 15 PP like SSA, KGBV, ICDS, and SGSY (renamed as Aajeevika), only the data on physical achievements is reported without the information on their financial performance. The component related to JNNURM (UIG, UIDSSMT, IHSDP and BUSP) and Madrasa Modernization Programme did not report the data on fund utilization and physical outcomes. The data shows that important schemes like ICDS (59 percent), SGSY (61 percent) and IAY (82 percent) have low physical achievements whereas SJSRY has higher physical achievement. The physical achievement in SSA is found to be low with some degree of variation across the components.

The concerned ministries under 15 Point Programme should be urged to report their achievements, both physical and financial, under their respective schemes for the benefit of minorities. The same needs to be reported on a regular basis to the Ministry of Minority Affairs or introducing a budget statement, to maintain the information and outcome data. The reporting of expenditure under 15 PP by the Union ministries has been more in the nature of 'retrospective budgeting', where the allocations for minorities are earmarked after the budgets for the schemes have been finalized without any special measure taken for minorities during the budget preparation phase. The schemes and programmes in 15 PP should prepare exclusive action plans for minorities considering the specific needs and challenges particularly faced by Muslims.

Volunteer with us.

In this era of knowledge and growth, Muslims, the fastest growing segment of populace around the world, cannot afford to lack behind. Sadly, though this is true, we are all witness to the fact that in India, being Muslim most of the times invites to be looked upon as uneducated, economically backward, shy, mute to discrimination and problems and politically irresponsible.

AMP seeks to overcome these and many more challenges within the Muslim Community. It provides a single platform for Muslims all over the country/world to come together to converse, debate and draw plans based on their experience, intellect and knowledge with the aim to facilitate Muslim Empowerment in all possible fields.

AMP strongly believes that the commitment of their members and supporters are the most critical in achieving the Vision and Mission of the organization.

Anyone who is willing to join AMP as Volunteer should:

- Be interested in serving the community and the society at large
- Be secular and without any prejudice to any community or belief
- Be ready to invest 2-3 hours every week/ fortnight on field/online depending upon the project
- Be willing to serve others without any expectations, monetary or otherwise
- Abide by all the Rules & Regulations and the Code of Conduct laid by AMP
