# About AMP

---

## PROJECTS

Association of Muslim Professionals (AMP) is a Platform for all Muslim professionals and volunteers to share their knowledge, intellect, experience and skills for the overall development of the Community and the Society at large, and further empowering Muslims in the educational, social, political and economic fronts of life. AMP, which is registered under the Societies Registration Act 1860 of India (Reg. No. 2011 G. B. B. S. D 3001) is one such institution which strives to empower Muslim Community through its various activities like:

- Skill Development Lectures (SDLs)
- Employment Assistance Cell (EAC)
- AMP Resource Centre (ARC)
- Career Counselling Cell – Online / Offline
- AMP Zakat Fund
- AMP WebTalks
- Other Miscellaneous Projects

### **Our Mission**

To empower Muslims for the greater benefit of the society in general and nation as a whole.

### **Our Vision**

To be a model Muslim Community which is:

- Advanced in Education
- Socially Progressive
- Culturally Vibrant
- Politically Influential
- Economically Dynamic

### **Our Ideology**

- Adherence to Islamic Ethos
- Non-sectarian Organisation
- Non-affiliation to Politicians / Political Parties
- Promotion of Peace
- Professional Management
- Open to all Communities

### **AMP Presence**

AMP has its active presence in over 19 States and more than 100 Chapters across India and Abroad. We are actively present in US, UK, Middle East with Chapters in Saudi Arabia, Kuwait, Qatar and UAE. AMP has been registered as a Non-Profit Organisation in USA and is similarly expected to be registered in other Countries soon. Our active volunteers are also present in Oman, Bahrain, Malaysia and Singapore.

# About 2019

---

Alhamdulillah! AMP completed 12 years of its glorious existence on 6th Dec., 2019. This was another milestone achieved in a long list for AMP.

Year 2019 would be remembered for a lot of distinctions;

AMP reached the landmark figure of 100 Chapters globally. We started active Chapters in UK, Singapore & Malaysia. AMP-USA chapter created history by getting registered as non-profit outfit for the first time in any country abroad.

AMP started the year on a good note by collecting Rs. 32 lakhs in the Angel Campaign as against Rs. 18 lakhs in the previous year. Although this was less than the budgeted amount for the year, it was still a great improvement on the previous year collection.

AMP tied up with the West Bengal Government's & the Andhra Pradesh Government's minorities departments to organise Job Fairs in Kolkata & Nellore. Altogether, we did 12 Job Fairs all over India starting with Pune, Baroda, Kolkata, Nellore, Aurangabad, Mumbai, Ahmedabad and Bangalore. We also organised 22 Job Drives and 4 Skill Training Melas and altogether, we placed more than 4000+ youngsters in decent corporate jobs.

AMP reached out to 250 Schools nationally with Skill Development Lectures benefitting 20,000 Students. We even conducted 11 Teachers Training/Parenting workshops.

AMP conducted 35 Employability Training Programmes benefitting around 3000 final year College students helping them with smooth transition from 'Campus to Corporates'.

This year AMP awarded the National Award for Excellence in Education to 103 deserving Academicians & Teachers from all over the Country recognizing their efforts in promoting Education within the Community.

AMP teamed with Movement for Empowerment of Muslim Indians (MOEMIN) for the 2nd National Social Summit at the Indian Islamic Cultural Centre in Delhi from 1st – 3rd March, with more than 170 Social Leaders in attendance from across the Country.

AMP conducted 22 Career Guidance Seminars (CGS) including 10 on 'How to clear UPSC exams' benefitting School, College and Post-graduate students. We had 600+ online Counsellors guiding anyone needing help in Career Guidance. 100+ AMP Career Guidance Charts were also distributed in schools nationally.

AMP started a new web-series called AMP WebTalks for online Professional Guidance in the month of December. This started with a highly attended talk by Mr. Abdulla Hassan Thakur, CEO Dhow Capital, Kuwait, on 'How to turn your Life around' followed with another on 'Key Insights for Professional Development' by Mr. Kashif Raza, Sr. Professional with Discovery Channel.

AMP carried out an important National Zakat Survey to understand the current pattern of Zakat Donation and its impact or the lack of it on the Community. A total of 4589 respondents participated from 175 Indian cities and 13 countries around the world including Saudi Arabia, UAE, Kuwait, Oman, Qatar, UK, USA, Malaysia, Singapore, Germany, Canada, Japan & Rawanda from Africa.

This year AMP Zakat Fund achieved a high of Rs. 80 lakhs and the same was used to provide Higher Education Scholarship to around 150 deserving students, around 100 Orphans were helped with Basic Education expenses and 26 poor & unemployed youths were helped with Self-Employment Assistance fund.

# Presidents Message

---

Dear Members and Friends of AMP,

## **Assalamo alikum Wr Wb**

It is with great pleasure and happiness that I congratulate you all on the completion of 12 years of AMP. Alhamdulillah, what started as a small bunch of individuals, out to change the state of Indian Muslims through Educational & Economic empowerment has now grown into a pan-global organisation. After having spread across 90 Indian cities we have reached overseas with lot of enthusiasm and gusto. For the 1st time we have got registered overseas, in USA, as a non-profit organisation and will follow suit in many other countries having Indian diaspora. AMP Leaders are blooming in different parts of the world and will inshaAllah carry its Mission and Vision, wherever they go.

While our spread and reach globally is a great cause for celebration, closer home in India, the political and social environment is not that encouraging. Large section of society including Muslims are fighting against the unconstitutional policies of the present-day Government, with full commitment coming from across India.

Though we need to fight the fascist forces with all our might, simultaneously we should also strengthen our own fundamentals. And how do we do it? Through the Mission & Vision of AMP i.e.

- Educate** - which will help us to know the system and how best we can use for our development.
- Employ** - which will help us grow and enter the system.
- Empower** - we should empower ourselves and our community to join the mainstream and fight the discrimination in the system.

At the same time, we will also have to work for creating better relations with other communities across India. This will not happen unless we work at the ground level. This can be achieved only when we help each other and uplift the downtrodden and the underprivileged from all faiths and geographies. For example, when we arrange a Job Fair, where people from all caste and communities get jobs, it creates a positive vibe between the Communities and goes a long way in changing the narrative being propagated against the Community for political gains. Let us spread this far and wide that a Muslim organisation is helping people without discrimination on the basis of caste, creed or faith, inshaAllah!

To achieve bigger goals we will have to take everyone along. We must work for promoting partnerships and collaborations between like minded Organisations who are working for the upliftment of the Community and the Society, resulting in Nation Building. By working together, we can reach out to more people and achieve more.

The success of any organization depends on how the organization creates new leadership among its members. We need to address the grooming of new leaders for taking AMP to the next level of 2.0. We have many good examples within AMP, who joined as a normal Member but are now managing important and big responsibilities. We need more efforts to create such exemplary leaders who not only take AMP further but also do well in their own personal and professional lives. Myself and AMP are committed to the growth of its young leaders.

I invite each one of you to come up with valuable suggestions and newer ways to reach out to the larger part of the Ummah which is still suffering and living in dismal conditions and also pray, so they can also be uplifted along with us into better conditions, pleasing Almighty Allah(SWT) and His beloved Prophet Muhammed (SAW). Aameen!

# The Journey Of 12 Years...

---

AMP came into existence when few like-minded Professionals came together at the end of the year 2007, to work for the upliftment of the Community and thus the Society and the Nation. Through Social Media and new Digital Technology, we networked and formed this ambitious Organisation which today has reached 100+ Cities in India and Abroad.

The beginning was very humble, with just a fire in the belly and only each other to support with Ideas and Plans. Along the way, there were lots of Challenges, many Highs and Lows, Resource Crunches et al, but we were high on Enthusiasm, Passion, Dedication and an eye on the Goal where we wanted to go. But, as they say "Where there is a will, The Lord shows the Way", Alhamdulillah! As the Movement grew, so did the resources started pouring in and the ideas and plans soon started transforming into AMP Projects & Activities.

We started with simple projects like Book Donation Drives, creating awareness of various Govt. Schemes for Education etc. We held Career Fests so that students could choose the right way for Education & Career. We also got into Relief activities, Internship Programme, Health Camps, Lecture series on 'Shining Glory of Indian Muslims', Providing Sehri in Hospitals during Ramadan and many such.

Somewhere along the way, we took stock of our activities and decided to stick to the Core issues of 'Education' and 'Employment'. We thus introduced Skill Development Lectures (SDLs) for Higher Secondary School Students on topics such as Career Guidance, Personality Development, Value Education etc.

In the year 2013, we also introduced AMP Zakat Fund, an institutional effort to collect Zakat and disburse it to the needy. It was used to fund Higher Education Scholarships for the meritorious and the needy students, for Orphan's Basic Education and as Self-Employment Assistance for the poor and uneducated.

The Journey continued with the creation of Employment Assistance Cell (EAC) in the year 2014, a project deemed to provide opportunities for Educated youngsters to find suitable jobs. So we did numerous Job Drives & Job Fairs all over the Country and abroad. We subsequently introduced Employability Training Programmes (ETPs) for helping final year under-graduate students. We also got into Skill Training of youngsters through NSDC Training Partners.

In the year 2016, looking at the immense need of increasing the scope of AMP Projects and Activities, we scaled up our Backend Admin team from 2 to 10. This led to exponential growth in terms of activities.

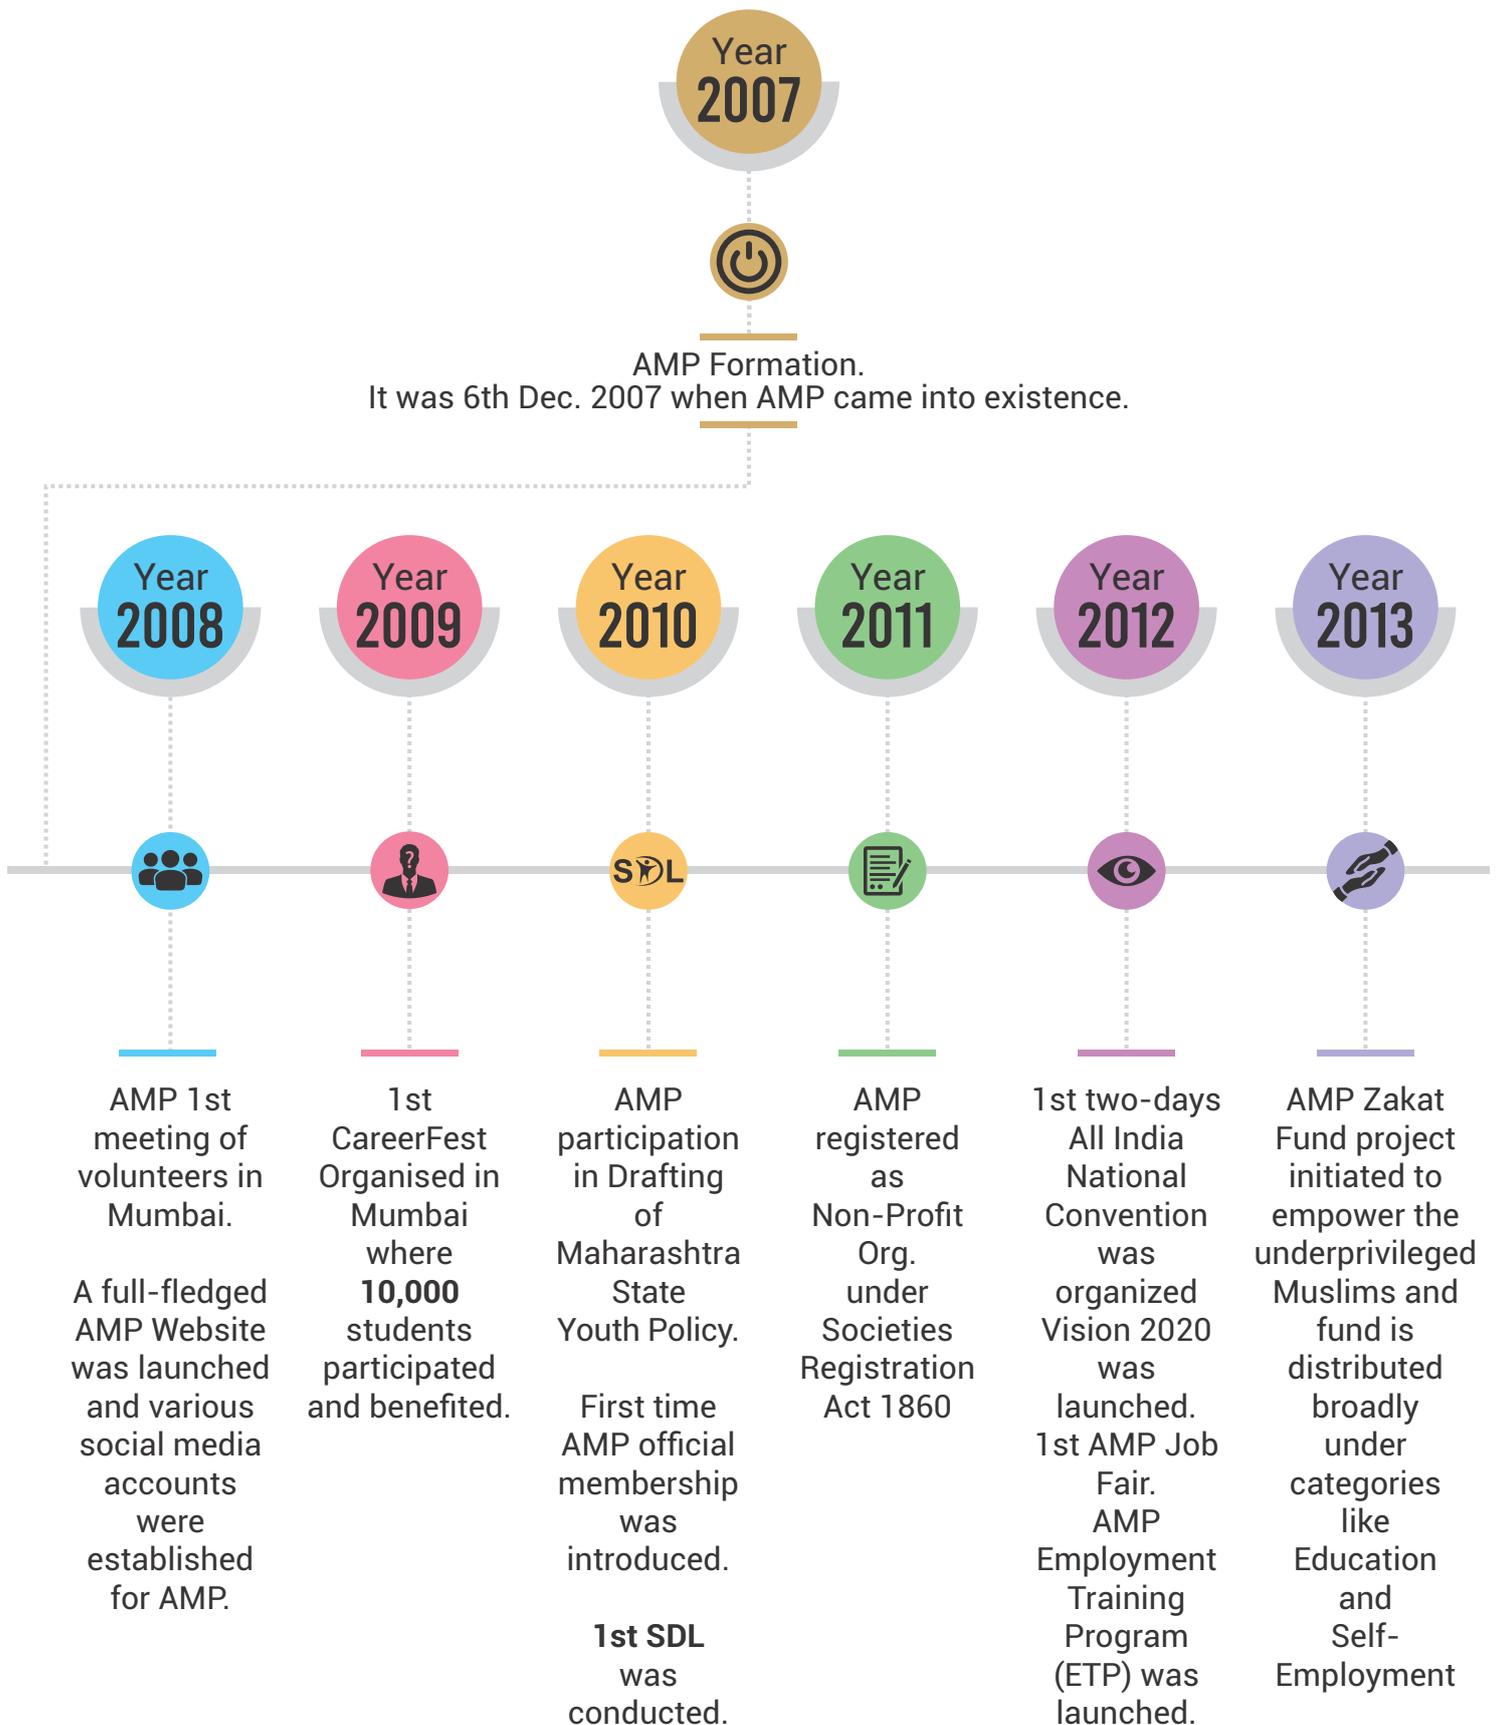

In the year 2017, we introduced an Online Career Counselling Cell, so needy students and parents could speak to experts in various domains. In the same year, AMP also introduced its initiative to make Economic Development Plan for the Community, which aims to make the Economic Upliftment as the priority agenda and create a Roadmap to achieve the Ultimate Goal.

In 2018, we introduced Special Career Guidance Seminars, wherein students and parents could attend seminars and listen to experts talk on various Career options.

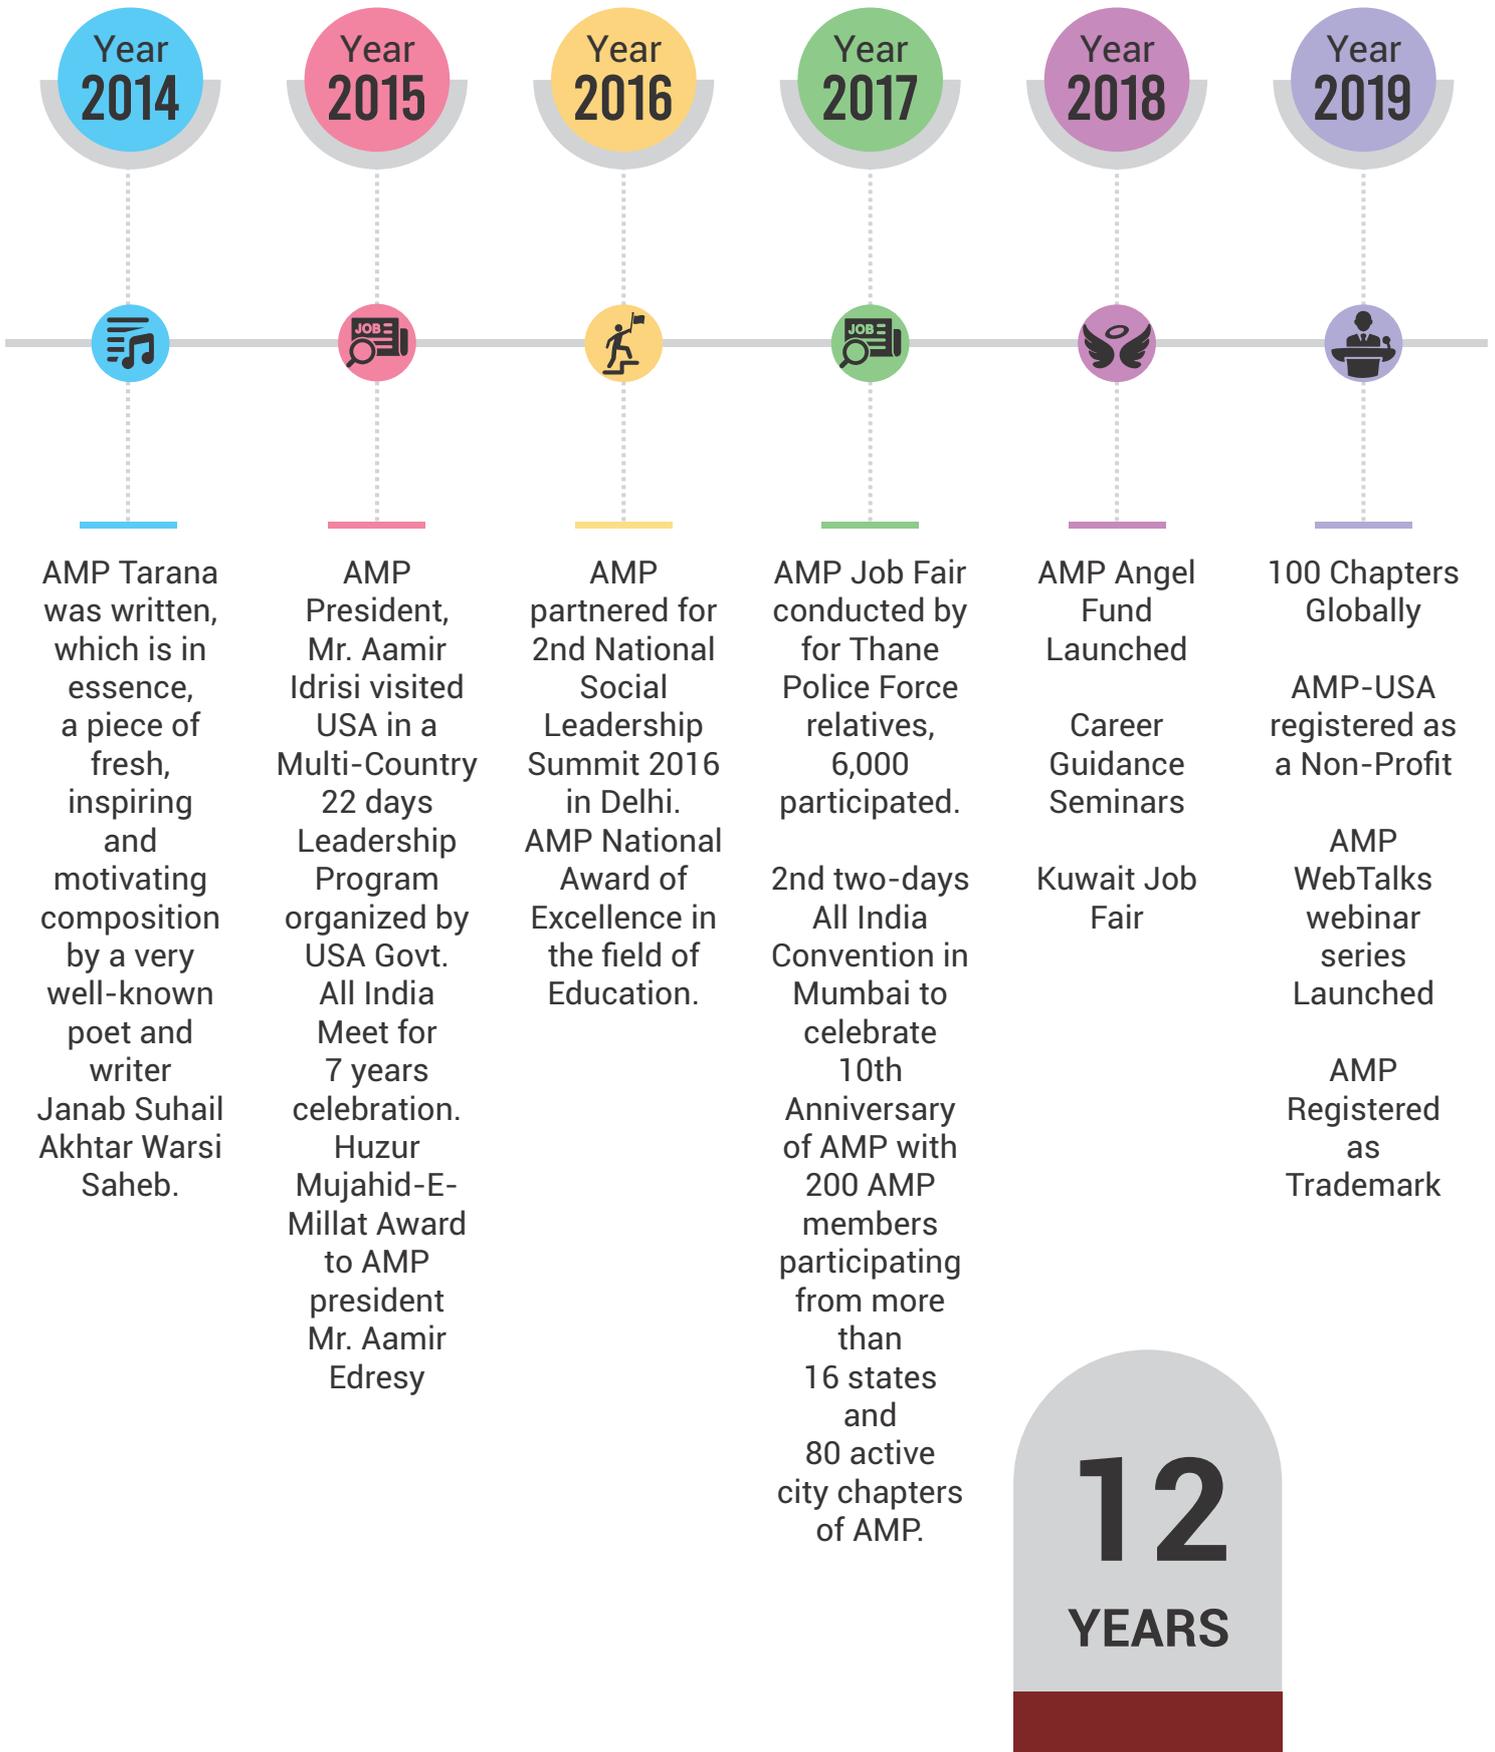

In 2019, we introduced AMP WebTalk, online Webinars, designed to help AMP Members, Volunteers, Associates and all Professionals to keep in touch with the latest trends in terms of self and professional development.

We still have a few of our Projects which need to be implemented & realised which will take the Community to a Higher Level inshaAllah! The Journey continues inshaAllah into the next Decade, into the next Century, into the next Millennium and up to taa-Qayamat with the single intention of serving this great Ummah and entire mankind and through it Allah (SWT). Aameen!

# Milestones

# Milestones

# Achievements

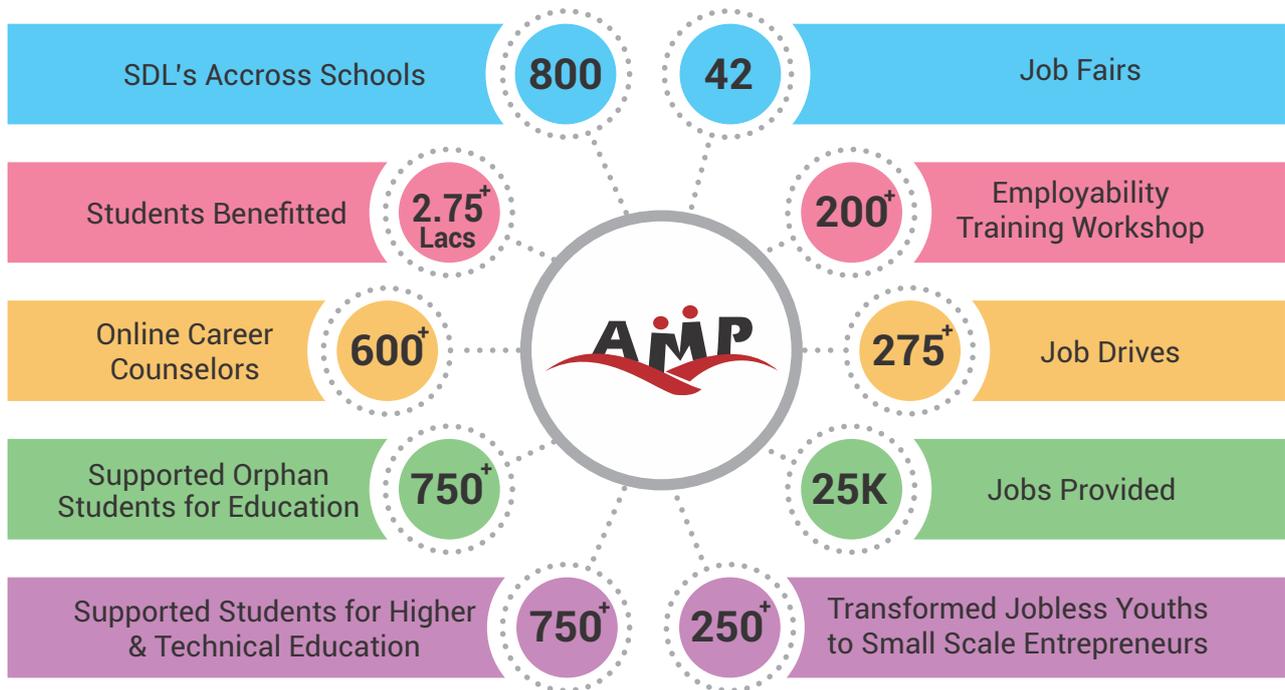

## Educational Empowerment:

AMP regularly runs Skill Development Lectures (SDLs) at 800 Schools across 90+ different locations in India benefiting more than 2.75 lakhs plus students so far.

AMP regularly holds Career Guidance Seminars at 50+ different locations in India benefiting more than 20,000+ students so far.

AMP has supported 750+ needy and deserving students by funding their Higher Education and helped 750+ Orphans for Basic Education since past 5 years.

AMP has set up an online Career Counselling Cell with 600+ experts providing career guidance over the phone to Students & Parents.

## Economic Empowerment:

AMP has conducted 40+ Job Fairs and 275+ Job Drives bringing Job seekers and Corporates together and placed more than 25,000+ needy candidates so far.

AMP has provided skill training for 1250+ candidates for getting gainful employment since past 2 years.

AMP has conducted 200+ Employability Training Programmes (ETPs), benefitting 15,000+ final year degree students so far.

AMP has sponsored 250+ young, bright, and most importantly, 'needy' entrepreneurs in starting their own small-scale businesses as part of our Self Employment Assistance scheme.

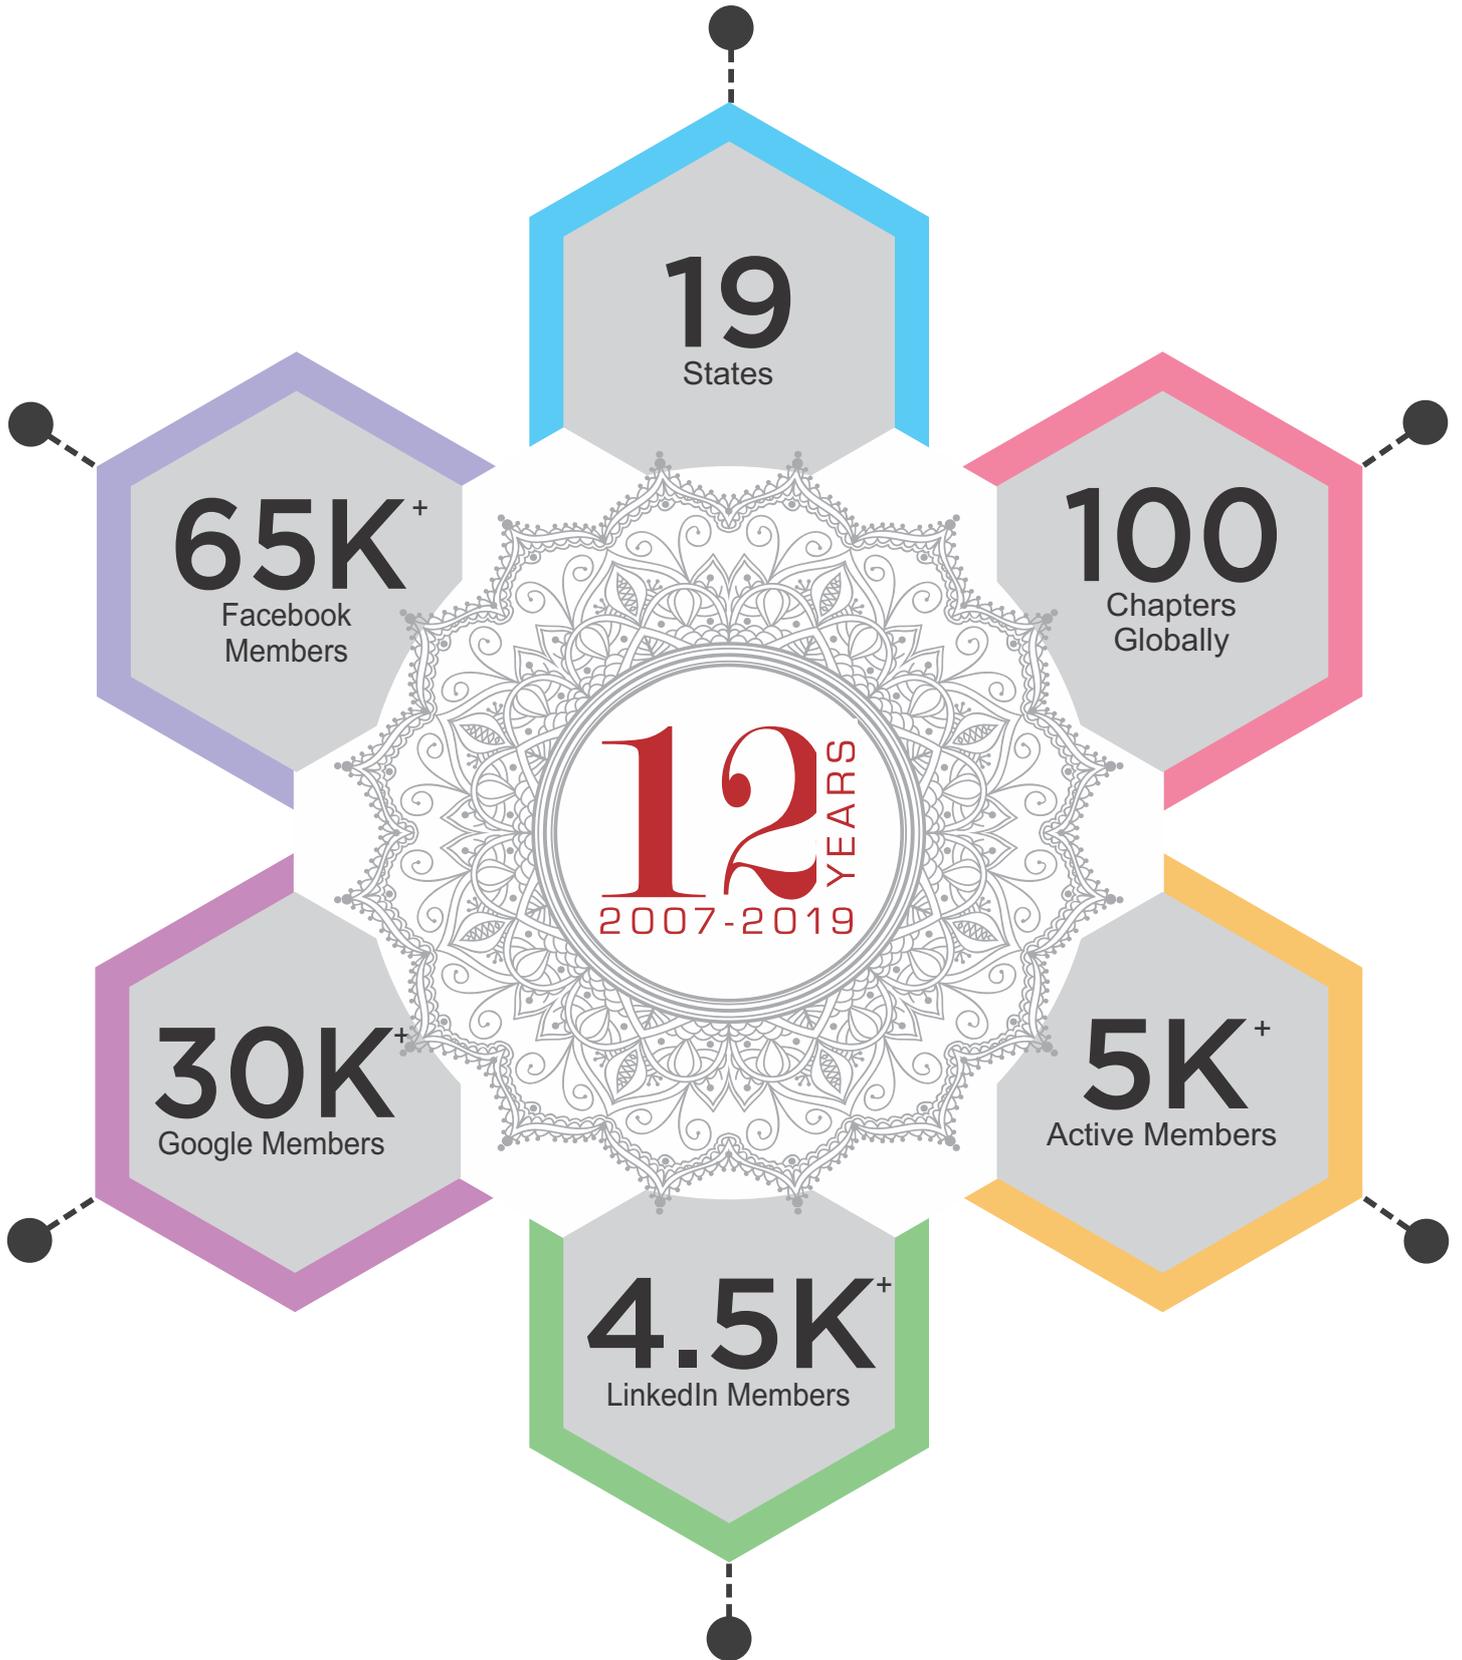

## Others:

AMP has been registered as a Non-Profit Organisation in USA and is similarly expected to be registered in other Countries soon.

AMP has been registered as a Trademark with the Indian Trademark Authority.

AMP recently launched a WebTalk Webinar series for the Personal & Professional growth of its Members, Volunteers, Associates & other members of the Community.

# Our Presence

Active Chapters in  
USA, UK, Kuwait, Saudi Arabia, Qatar and U.A.E.

Active Volunteers in  
Oman, Bahrain, Malaysia, Singapore, Germany, South Africa and Canada

# AMP Skill Development Lectures (SDL)

Skill Development Lectures also known as SDL, is one of AMP's main Flagship Projects which has been the most impactful as well. The idea is to try and do wholesome guidance of Higher Secondary school students towards Career Planning, Self-Development and Value Education. There is also an additional benefit, wherein not only the students but SDLs also help the speaker to continuously evolve and develop himself/herself.

## SDL Annual National Campaigns:

Apart from monthly lectures, we also run 3 week long National Campaigns every year where we conduct special lectures in schools across India. The lectures are mostly focused on introducing the various career opportunities, which go a long way in Nation building and strengthening the fabric of the Nation such as Defence, Civil Services, Judiciary, Scientific Research, Agro-tech, etc.

## These campaigns run on

- 26th January, Republic Day  
*'Dastoor -e- Hind... Hamare Huqooq... Hamari Zimmedariyan'*
- 15th August, Independence Day  
*'Hum Banenge Hind Ki Nayi Pahechan'*
- 11th November, Education Day -  
*'Kamyabi Ka Waheed Rasta .... Taleem'*

## SDL Star of the Month Award:

As part of AMP's initiative of continuously motivating its members, AMP felicitates the most dedicated member for the period with the SDL Star of the Month award since 2017.

<b>Jan:</b>	Miss. Simeen Shaikh	(Mumbai)
<b>Feb:</b>	Miss. Nahida Abdulla	(Mumbai)
<b>Mar:</b>	Mr. Md. Shagaf Mahimi	(Thane)
<b>Apr:</b>	Mr. Aftab Siddiqui	(Mumbai)
<b>Jul:</b>	Mr. Arif Mohammad Momin	(Bijapur)
<b>Aug:</b>	Mrs. Deenaz Ahmed	(Hubli)
<b>Sep:</b>	Mr. Chand Mohammed Sheikh	(Jaipur)
<b>Oct:</b>	Mr. Shahrukh Ahmed	(Kolkata)
<b>Nov:</b>	Mr. Md. Javeed A. R. Momin	(Hubli)
<b>Dec:</b>	Miss Asma Firdose	(Bengaluru)

# AMP Skill Development Lectures (SDL)

## **Train The Trainer:**

AMP has a well-organized system and process in place to run SDLs throughout the year. For the benefit of such volunteers who would like to conduct SDLs, we organize a 'Train The Trainer Session' which helps them understand AMP's Vision & Mission as well as the Lecture modules. These sessions were held in various locations this year such as Mumbai, Rajasthan, West Bengal, Karnataka and other Chapters.

## **Teachers Training and Parenting Workshops:**

Even teachers have many challenges that they face each day. Effective teacher training helps prepare new teachers for these challenges. Teacher training can help them feel more confident about many common problems that arise for teachers each day. Keeping this concept in mind we regularly conduct Interactive Sessions for Teachers on 'Be An Effective Teacher' in different parts of country. We also organize regular workshops on 'Parenting Techniques' and 'How to Raise a Good Child' across many Chapters in India.

The Teachers Training and Parenting Workshops are done on a regular basis across all our Chapters.

## **Career Guidance Seminars (CGS):**

These are locally organised events, wherein experts on the different streams of Academia are invited to deliver free lectures to students and their parents. Those looking for guidance can easily attend the free-seminars and listen to experts talk on various Career options in each faculty, viz. Arts, Science, Commerce, Engineering, Medical, Civil Services, Law, Management etc.

In the year 2019, AMP organised 22 Career Guidance Seminars including 10 CGS on UPSC exams all over India, benefitting more than 2000 students and parents. Having its reach across India, with 100 chapters and thousands of active members and volunteers, enables AMP to reach even the remotest corners of this vast country, Alhamdulillah!

# AMP Employment Assistance Cell (EAC)

---

Keeping in mind AMP's core objective of supporting the underprivileged, promoting education, and creating economic empowerment by providing career opportunities to the unemployed youth, AMP had launched a special project with the name of AMP Employment Assistance Cell (EAC) during its initial stages of formation. Today it is one of the core projects of AMP. Through EAC, we undertake active, effective and ongoing initiatives to make the youth employable, to avail them of career opportunities, and to economically and socially empower them.

## **Job Fairs:**

As part of our regular activities, we conduct Job Fairs in different parts of the country. We have placed many deserving candidates in the process. Our Job Fairs are a unique platform that help connect Corporates, Consultants & Local Businesses with qualified, deserving Candidates. Quality candidates, face-to-face interviews, first-rate facilities & Professional Grooming Workshops are just a few of the benefits that we offer at our events.

These Job fairs give the unemployed youth a chance to meet a number of employers face-to-face in one setting & the opportunity to get placed in a reliable organisation in profiles that suit/interest them the most. In our Job Fairs, we typically invite around 40-50 corporates who have openings for varied profiles and over 1000+ candidates attend each of our Job Fairs.

We have conducted about 42 Job Fairs, and in 2019 alone we organised 12 Job Fairs and placed more than 3000 Candidates. Our EAC Plan for 2020 is to conduct one Job Fair every month across India.

## **Job Drives:**

Job Drives are similar to Job Fairs but are organized on a much smaller scale compared to Job Fairs. They are ongoing, small-scale initiatives towards providing livelihood. In a Job Drive, we typically invite only upto 2-3 corporates who have specific openings, and advertise their openings / profiles in order to attract suitable candidates.

# AMP Employment Assistance Cell (EAC)

Our frequent Job Drives are an initiative towards eradicating the evil of unemployment bit by bit. These are baby steps towards providing livelihood. We try to conduct Job Drives every week, not only in Mumbai but in many other cities throughout India. We have organized hundreds of Job Drives in different parts of India and aim to organize many more in an ongoing basis, in different cities and towns throughout India.

## **Employability Training Program (ETP):**

AMPs 'Employability Training Program' or ETPs have been developed to assist Job seekers find the 'Right job' at the 'Right place' at the 'Right time' and to become the 'Right Fit' in a present day modern organization. It aims to create awareness & groom young graduates who are aspiring to be professionals in the Corporate World.

Our ETP Trainers are seasoned professionals who have in-depth understanding of employability training and committed to investing their valuable time, resources and knowledge in grooming the candidates. In the coming years, we aim to team up with Colleges in different cities and conduct ETPs on a regular basis, usually once every month.

## **Job Oriented Training Programs:**

In our recent endeavors, we have started Job Oriented Training Programs run by Corporates as part of their CSR initiatives and Government Agencies like NSDC etc. We mobilize students for Free Job Oriented Training Workshops that are being organized by/in association with reputed Organizations such as Tech Mahindra Foundation, Tata Strive, ICICI Skills Academy, Confederation of Indian Industry (CII), Kotak Unnati, etc.

We initiated this as a pilot in Mumbai and helped unemployed youth to get off to a great start when it comes to acquiring new employable skills. This was subsequently introduced in the various Chapters across India. In 2019, we helped more than 1,000+ youths to get skill trained all over India.

**All the above initiatives are not limited to Muslims only but are open to people of all religions, castes and backgrounds.**

# AMP Zakat Fund

AMP realizing its duty towards Community welfare, has established AMP Zakat Fund in 2013 to empower lives of our people by promoting education & self-employment. The guiding force was the potential of a properly organized Zakat – Collection & Disbursement - process which can be effectively utilized to bring out the Community from the throes of misery and backwardness.

The goal of the AMP Zakat Fund is to 'Transform the Zakat Taker into the Zakat Giver of tomorrow'. Alhamdulillah, we've transformed more than 1700 lives so far in last 7 years, and with the help and assistance of people like you we expect to make a difference in the lives of many many more in the coming years! Your support helps us & motivates us to continue in our mission to empower lives through AMP Zakat Fund.

**In the year 2019, we collected INR 80 lakhs and Alhamdulillah, disbursed it to 150 Students for Higher Education, 100+ Orphans for Basic Education and transformed 26 Jobless youths into small scale Entrepreneurs so far...**

We would like to thank all our donors for their help, efforts and kind assistance in the AMP Zakat Fund Campaign every year. We would also like to thank Allah for the blessings that he has endowed us with - some of our blessings being kind hearted & helpful people like you.

# National Awards for Excellence in Education

Importance of teachers can be understood by the quote of Prophet Muhammad (SAW) where he said that "I have been sent only as a teacher to you". The Prophet (SAW) reached the hearts and minds of people through educational and mentorship activities. The role of a teacher/educator in the society is thus, both significant and valuable.

AMP appreciates the role of teachers and academicians in the field of Education and the extraordinary part they play in the lives of students during their formative years of development. Thus, on the eve of Teachers Day in the year 2017, AMP, took unprecedented initiative to appreciate the services of such extra-ordinary teachers across the country. We selected 79 such exceptional individuals at the National level and presented them with the AMP Award, a small token in recognition of their outstanding services in the field of Education and invaluable Contribution to the Society at large.

Similarly, in the year 2018 & 2019, 100 plus Teachers & Academicians were respectively honoured with these Awards from all across India. To know the awardees, please visit the below mentioned link;  
[http://ampindia.org/AMP\\_Education\\_Awards](http://ampindia.org/AMP_Education_Awards)

Today, in modern world, it is all the more necessary that our children understand the human values of love, respect and tolerance, which are essential for a peaceful world. It is, therefore, vital that teachers emphasize the importance of these values. Students should be made to think in terms of the welfare of humankind and progress of the nation.

AMP Congratulates these exceptional Educationists & Teachers and the Nation salutes them!

# Career e-Counselling

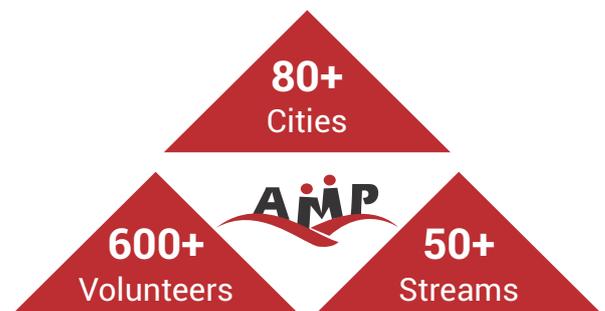

AMP has been working continuously to serve as a helping hand in the Education field to make a positive change in the society. We endeavour to be torch-bearers to help & guide people from the darkness of ignorance towards the light of knowledge, for it is knowledge, which enlightens lives.

In 2017, AMP initiated its Online Career Counselling Cell to help students resolve their queries related to career options. We have built a sizeable database of 600+ professionals from various streams who act as Career Counsellors/Guides and attend to queries of Students & Parents, as and when they come up regarding career guidance.

These willing volunteers, Alhamdulillah, devote time from their busy schedules to provide guidance to those who seek help and counselling. This may be in terms of general counselling regarding career where students seek support from professional counsellors or with respect to guidance in specific career fields like Engineering, Medical, Civil Services etc. and other various branches. We have experts from all fields to provide students and parents with solutions over phone or email. This database is updated regularly with additional volunteers to support the young minds.

We looking forward to make this movement an enriching experience that would touch the lives of many students and make a huge difference towards humanity. We plan to make a team of Career Counselling and Guidance experts in all the districts of India insha Allah!

Those willing to join this league of Experts to guide the students can contact us at  
E: [ampoffice.sdl@gmail.org](mailto:ampoffice.sdl@gmail.org) | M: 8291101317

# Career Charts

Choosing a career field essentially involves a very critical decision-making process. The effectiveness of choosing a major subject and the career field can be greatly influenced by the information available to you at the point of decision-making. The effectiveness of your decision-making thus relies on accurate and up-to-date information.

AMP has designed a Career Chart depicting various career options after different streams/levels of education right from after 10th standard till Graduation/Post-graduation.

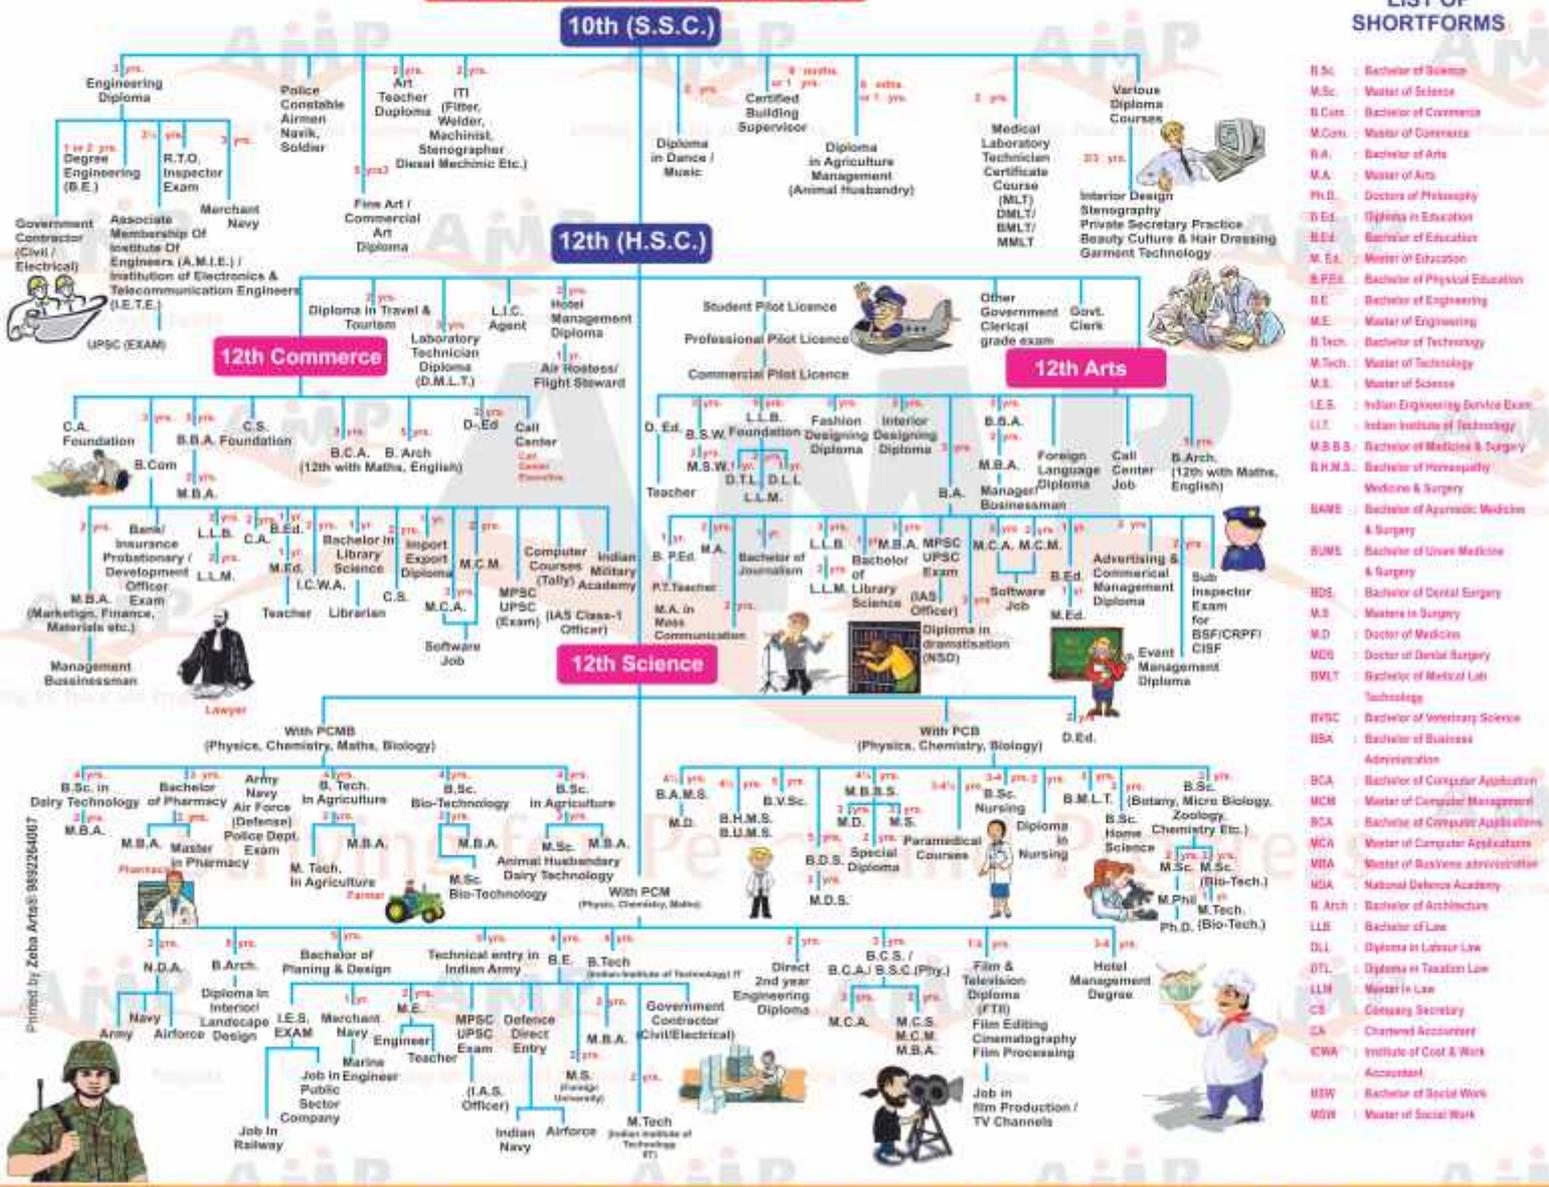

The AMP Career Chart is very popular amongst schools. Career Charts were distributed for free to almost 100+ Schools in 2019

**Association of Muslim Professionals**  
E-mail: [info@ampindia.org](mailto:info@ampindia.org) • Web: [www.ampindia.org](http://www.ampindia.org) • [f/ampindia.org](https://www.facebook.com/ampindia.org)

## CAREER CHART

### LIST OF SHORTFORMS

To Donate this Career Chart to any School/College, Kindly contact AMP Office: 07303116060 or mail: [info@ampindia.org](mailto:info@ampindia.org) Sizes available UPTO 10R x 10R as per your requirement.

To donate this Chart to any School, kindly contact AMP Office on 7303116060 | [info@ampindia.org](mailto:info@ampindia.org)

# AMP WebTalks

Today everyone is familiar with digital technologies in their everyday lives. AMP is using them to support the working professionals and everyone who is looking for the right direction or guidance in their lives or careers. AMP is engaging with digital tools to provide an essential part of professional support.

Launched in 2019, AMP WebTalks is a live, virtual event that is executed online. It is an educational or instructive session that includes audio and visual communication between the speaker and participants. AMP WebTalks enables the sharing of slides and interactive participation through chat boxes and Q&A features.

There is a lot of potential in every individual, but due to lack of counseling or lack of understanding, people who have potential in them may miss on the opportunities which could enhance and thus change their lives for the better. AMP WebTalks will give an opportunity to every individual to grow professionally and lead a good life.

We organize webinar sessions by highly qualified Professionals and Experts in a particular field to share their learnings & viewpoints to guide not only youths but everyone with their own life's experiences.

AMP WebTalk was inaugurated on 7th December 2019 by our pioneer speaker **Mr. Abdulla Hassan** - Life Coach | Mentor | Motivational Speaker on **Turn your Life around** benefitting over 300 participants with his live session.

There was another WebTalk session organised in December '19 on **Key insights for Professional Development** by **Mr. Kashif Raza**, Manager-Discovery Channel India.

In the coming days and years, we will be taking this initiative to greater heights inshaAllah!

Those willing to join this league of Experts can contact us at

# AMP National Executive Meet

---

AMP organised its Annual National Executive Meet at Alma Latifi Hall, Saboo Siddik College of Engineering, Byculla, Mumbai, on Sun, 16th Dec 2018. This meeting was organised to conduct a review of the Organisations' achievement's during 2018 vis-à-vis the goals set last year and to plan the activities and projects for 2019.

The gathering included AMP's newly elected Governing Council members, State Heads, Chapter Heads and select invitees, who deliberated on AMP's various Projects & Activities and how to ensure young professionals take up Community Building and Nation Building.

Mr. Aamir Edresy, welcomed the participants and spoke about the Achievements of the past 11 years and the Plans going forward. Mr. Syed Nashit, Head - NCT, spoke about the activities done in 2018 like placements of 1700+ Candidates in Jobs, Skill Training of 500+ students and 1500+ final year graduation students benefitted through our Employability Training Programmes. Through Zakat Fund, AMP provided Higher Education Scholarships to 120+ Students, provided Self Employment Assistance to 80+ needy people and supported 200+ Orphans for Basic Education. Mr. Razak Shaikh, Head - Projects elaborated on the plans for the year 2019. Mr. Soheb Selia, General Secretary, presented the financials for 2018 and the estimated financials for 2019.

At the end of the meeting the following Resolutions were passed for the year 2019;

- Placing 5000+ Candidates through AMP Job Fairs & Job Drives
- Employability Training Programs (ETP) of 10000+ Students at 100+ Colleges
- 100+ Career Guidance Seminars across India
- Skill Training of 10000 Youths
- Formation of AMP Legal Cell
- Launching of AMP Mentorship Project
- Roadmap for Economic Development Plan of the Community
- Establishing Chamber of Commerce and Industry.

# Economic Development

---

Purpose, Vision and Mission of Economic Development efforts by AMP

## **PURPOSE:**

Organize all stakeholders under a common economic agenda which takes a comprehensive long term view of economic development for Indian Muslims.

## **VISION:**

A future where Indian Muslims participate equally in building the nation and benefit equally from the economic growth of the nation.

## **MISSION:**

The economic development efforts at AMP will:

- build common understanding of goals & priorities among stakeholders
- Conceptualize the right strategic programs and strike the right strategic partnerships to address key issues
- Build the network and ecosystem for funding initiatives and driving on-ground change.

AMP has worked on improving education and employability of Indian Muslims over a decade and will continue to run its flagship programs in this area. Over the next decade, AMP aims to broaden its focus towards Economic Development of Indian Muslims. Towards this, AMP believes that it is critical that all stakeholders organize under a common Economic Agenda which takes a comprehensive view of Economic Development.

AMP kickstarted its efforts on Economic Development over 2 months ago and has outlined its Purpose, Vision and Mission in this area. AMP has also identified the broad contours of the role it intends to play in this area. Further, AMP has assembled a group of 100+ senior industry professionals who have started working in smaller working groups on focused problem areas.

Today, Muslims in India have the opportunity to benefit from the demographic dividend. Also, Indian Muslims must prepare to handle the potential disruptions in the jobs of the yesteryear owing to Industry 4.0 and the shift towards service consumption and trade (vs product consumption and trade). There is an urgent need to evaluate the possible impact of such disruptions on the economic activity of Indian Muslims.

Multiple stakeholders are involved in efforts towards improving the social, economic and educational status of Indian Muslims. These stakeholders include Government, Government Agencies, NGOs, Political Groups, Religious Scholars, Religious Groups, Muslim Business Houses, Academia and members of Indian Muslim Community as a whole. It is critical that all stakeholders organize under a common Economic Agenda which takes a comprehensive view of Economic Development.

# AMP Special Programs

AMP in association with ALEM (Assistance to Legal Education for Muslims) conducted a special lecture for the students of Barrister A.R. Antulay College of Law on 16th Jan 2019 in Mumbai. The lecture was organized for the first and second year Law students. Mr. Mohsin Alam Bhat who is Assistant Professor and Executive Director at Jindal Global Law School was the Speaker of the day.

AMP Gujarat Team felicitated Mr. Shahid Husen Shokat Memon with Certificate of Appreciation for securing All India Rank 02 in ICAI - CA Final for the year 2018

AMP Dharwad Chapter celebrated the "National Science Day" on 28th February 2019 as a mark of respect to the most eminent scientists of India and the world, Dr. C.V. Raman. As part of the celebrations Team AMP visited Anjuman High School Dharwad & Hazrat Nizamuddin High School Dharwad & presented roses to Science & Maths Teachers & the respective Head Masters.

AMP Kolkata Chapter organized an RnR program on the eve of the International Women's Day in collaboration with Indian Karate Association to remember and recognize strong women and their contribution in our society. Mr. Shahid Haider appreciated the efforts of Mr. M. A Ali, the founder and Chief of IKA for developing and nurturing the youth of the country especially the young girls. His dedicated efforts has created Miss. Ayesha Noor, the girl who is a karate champion despite of disability. Today with the help of IKA she provides free karate training to 600 girls free of cost.

AMP Dharwad Chapter conducted Interschool Competition & Felicitation Programme for AMP National Excellence Awardees. The event started by Tilawat E Quraan. Total 16 students from different schools participated in the competition.

AMP Hubli had organised a Speech Competition and felicitation programme for National Excellence Awardees. Participants were divided into 2 groups, 5th to 7th std & 8th to 10th Std. Around 50 students from different schools across Hubli participated.

AMP Lucknow Chapter conducted a Seminar on Cancer Awareness on Tuesday, December 10, 2019. The venue was Karamat Hussain Muslim Girls' Degree College and the Speaker, Dr. Nafees Ahmad Siddiqui, a renowned Oncologist of the city.

It was an interactive session, with the attentive audience ready with their queries at the end. The talk was highly informative and very well received by the students and faculty alike. Dr. Nafees Ahmad Siddiqui and The Principal, Dr. Qudsia Parveen were presented with a Memento from AMP, appreciating their contribution to the Seminar.

# AMP NRI Chapters Activity

---

Alhamdulillah, AMP members who have traveled abroad have not cut their roots with AMP. Instead they have gone abroad and started Chapters in various countries like USA, UK, Malaysia, Singapore and in the Middle East in Countries like UAE, K.S.A., Qatar & Kuwait. The members are very active and organise programmes which are beneficial not just to AMPians but the entire Indian diaspora.

AMP Qatar Chapter celebrated the spirit of the holy month of Ramadan, by hosting an Iftar Get Together at Indian Coffee House, Doha on Tuesday, 28th May'2019 for AMP members and patrons. Around 50 professionals from various domains participated in the gathering.

AMP Malaysia on the occasion of Sir Syed Day, attended a grand get together in Kuala Lumpur Malaysia on Saturday, 19th October 2019 organised by Aligarh Muslim University Alumni Association Malaysia (AMU-AAM). The purpose was to bring all AMU Alumni residing in Malaysia together and ponder on how each of them could contribute to fulfill Sir Syed's vision. Very senior Aligs like Mr. Laeeq Sb, Prof. Mumtaz Ali Sb, Prof. Abdul Khaliq Sb, Prof. Tariq Jameel Sb graced the occasion and their electrifying words created a new momentum in participants. Around 80+ Aligs and Non Aligs joined the gathering with their families. AMP and AMU-AAM thought, discussed and planned few collaborative action items for Indian Muslims.

## AMP Chapter Meetings

The main intention of these meetings is to bring the Chapter EB Team, AMP Members, and Volunteers together, interact, network and work out a plan of action for the next month and the quarter. These meetings serve to create a bonding of AMPians, create Team spirit and set Goals to work towards. A very important activity for each Chapter in the long haul for serving the Ummah.

# AMP - The Way Forward

---

Alhamdulillah! While it gladdens our hearts and boosts our morale to have completed the Journey of 12 years, a journey which we started without knowing how it will proceed and where it will lead us. While we knew what we wanted to do and achieve, we did not know how our plans would be implemented and actioned. But, the intention to do something worthwhile for the Community helped us and Allah (SWT) showed us the way forward.

However, this is just a miniscule achievement in the moving continuum of Time and as per a Hadith of the Holy Prophet (SAW), a small effort made for relieving a Brother's misery is very dear to Allah (SWT). With this as our Objective and Goal, we look forward to the time ahead and put in our efforts for the Ummah without worrying too much about the results. Because, the 'Efforts' are what matters to Him and the results will be as per His Will. And that is what we will be rewarded for inshaAllah!

So we continue with our Journey forward and implement AMP 2.0. We will inshaAllah continue with our past Projects like SDLs & EAC programmes and try to implement those which have been still stuck due to lack of resources and or time. We will need more committed hands and minds to go to the next level and AMP looks forward to new leaders in taking new AMP Projects forward. AMP will try and provide the support and resources required, however the Will and the Commitment has to be within.

The following is a list of AMP's Future & Visionary Projects:

- ACE (AMP Centre of Excellence)
- Bright Student Mentorship Program
- Livelihood Earning (For Rural Communities)
- AMPower India (Skill Development Initiative)
- Legal Cell
- Media Cell

At AMP, we are all excited and passionate as ever with regards to the Service to the Ummah, Alhamdulillah and look forward to this Movement growing bigger inshaAllah...

# Volunteering

---

The non-profit organizations (or NGOs, as it is commonly referred to as in India), are mostly based on the contribution model, meaning that people will contribute to its causes with whatever resources they could to help it run. And those resources could be money, stuff or time.

Money is certainly the foremost necessity for any operation to run and thus NGOs asks people to donate and people give money to NGOs to help them meet their expenses. The other form of contribution is donating stuff. You have something that could be of use to the NGO. People often donate their extra computer, old printer, office furniture, school books etc.

The next in line is giving away your time, or in fact giving away yourself for a time. This is what volunteering is all about. More than anything, an NGOs need volunteers to execute its projects and carry out its activities. It's the volunteers that make all the difference. For any two NGOs in comparison, it doesn't really matter if one has all the money in green cash and the other one uses a VISA card, it also doesn't matter much if one has an old Mac in their office and other one has a newest Intel laptop, but it does matter if one has wrong set of volunteers and the other one has a great, capable, dedicated team of volunteers.

Volunteers are the biggest asset for any NGO because they are the face of the organization, they are the ones who represent the name in the masses.

## Why Volunteer?

Different people have different motivations to volunteer. For one it could be to help others who are less fortunate than us, for others it could be socializing and get to know people while for someone else it could be feeling good helping others without expecting anything in return.

Whatever the motivation be, volunteering has all its benefits and that are inherent;

- It lets you to be the catalyst of change that you wanted to see. Volunteering helps you to be part of the campaign that matters most to you.
- Volunteering helps build stronger community and make great connections. When you step out to volunteer you get to know, bond and work together with like minded people.

- Volunteering helps you grow mentally strong and emotionally stable. Helping others makes you happy, and the feeling that you made a difference to someone else's life is so fulfilling. While volunteering you get to know that there are people who are not as gifted as you are, you feel satisfied and thankful to God.
- Not just that, volunteering also helps you build up your self esteem and confidence. You get to learn new things, interact with people who are more experienced than you in different walks of life, thus building up your confidence and self esteem, and thus leading to the overall development of your personality.

## When Volunteering Model Fails?

The volunteering model often turns into a failure when the NGO or the volunteer sets wrong expectations. Though volunteering is something that one does for the NGO for free, it should not be assumed that the NGO is more obliged to the volunteer than vice versa.

Actually the volunteering should also be as professional and organized as your job. Meaning when you sign up for volunteering, you are expected to;

- Give the amount of time to the cause that you committed
- Finish assigned tasks or duties in the stipulated time and report progress appropriately
- Adhere to the organization's rulebook and its structure

To summarize this, you are expected to behave exactly as you do in your day office, with the exceptions that you are not being paid and you are not working full time in volunteering role.

AMP is what it is today, certainly because of its volunteers. It would become what it would, because of its volunteers too. We urge all wonderful people like you to come join AMP and start volunteering.

---

-Abdullah Ansari

# Heartfelt Thanks

AMP is grateful to all its Members, Volunteers, Supporters, Donors who encouraged us in this Journey. There are many faceless supporters, who send us their Contributions, but refrain from revealing their identity, SubhanAllah! We Salute these open & hidden supporters, without whom this journey would not have been possible.

We convey thanks to our Partners & Collaborators, the Guests & Speakers, the Delegates and Participants who made this Convention possible.

Our thanks are also due to;  
**Dr. Zahida Khan**, State Head-Karnataka  
**Imtiyaz Khan**, Chapter Head-Bengaluru  
**Nazir Ahmed**, Chapter Secretary-Bengaluru

All Executive Body (EB) Members & other Chapter Team members, Sponsors, Advertisers, Suppliers, Vendors, AMP Admin Staff and all those who helped us in making the Journey and the 3rd AMP National Convention 2020 successful.
