2. AMP tries to reach students in the remotest areas across the country through **Skill Development Lectures** (SDL). It is one of AMP's main Flagship Projects which has been the most impactful as well. The idea is to try and do wholesome guidance of students/ prospects towards Career Planning and Self-Development. In the month of September '17, we covered **72 schools** all across India and **4600 students** benefitted due to these lectures.

Striving for Peace and Progress

The infographic features a light brown background with the AMP logo and name at the top. It lists six key achievements in a vertical sequence, each with a large number in a circle and a descriptive bar. The achievements are: 4 weeks of remarkable progress, 72 schools (targeting to double in coming months), 72 lectures on 'Time Management' in different cities across India, 4600 beneficiaries (more than four thousand students benefitted so far), and 1 mission (striving for peace & progress). At the bottom, it states the topic of the month is 'Time Management' and provides contact information for AMP India.

SDL STAR OF THE MONTH FOR SEPTEMBER 2017

“ I have learnt a lot after joining AMP as I believe it is the best NGO and one of its kind which is working for the betterment of our community and society at large. AMP is the reason behind the fact that now I am so thankful for seeing a change in myself about how blessed I am with whatever I have. ”

★ AMP Congratulates ★

Dr. Kaifee Zahiruddin Shaikh

for her commitment and dedication towards SDLs.
Which allows her to cover 5 schools on a monthly basis.

Dr. Kaifee Zahiruddin Shaikh is a general physician by profession. She has completed BUMS and is currently pursuing PGDMS from Symbiosis International University, Pune. She belongs to Mumbra Chapter in Mumbai and has been connected with AMP as a volunteer for SDL for 5 years. She is very proactive in her deliverables, which has helped her to conduct 200+ SDL's till date.

She says that the best part about working with AMP is that she can use her knowledge and studies in SDLs as per her expertise and area of interest. She also adds her wish to see the organisation growing and having its branches all over the world. She confesses that earlier for her, taking the ownership of delivering lectures in schools was a tough decision but now it has become an integral part of her life. She says she will continue to give her best and try to make a difference in the lives of thousands of students.

She has urged every professional to Join AMP as Speaker and nurture Young Minds for a Better Tomorrow.
