## YOUR PARTICIPATION:

In the last few years, with the invaluable support from our existing Members, Donors and Well-wishers, we have been able to execute many AMP projects & activities. However, we still have many miles to go and in this transcendental journey we need 'YOU' to fuel this movement with the vitality of your ideas, talent, experience and skills. We therefore appeal to you to join hands with us and help us to build a strong and self-sufficient Community & Society.

Also, as a conscious and responsible citizen of the Community you must be well-aware that running such an ambitious Social Enterprise requires decent amount of funds to take care of the administrative and infra structural needs. You can thus further strengthen our endeavours by financially supporting us. You can make your contributions to the below mentioned Bank Account. All donations to AMP attract 80G income-tax benefit. Apart from monetary contributions you can also partner with us by providing necessary infrastructure and facilities required for conducting AMP programs and activities in your city.
